House of Representatives

Chamber Action

Bills Introduced: 109 public bills, H.R. 3998–4106; 6 private bills, H.R. 4107–4112; and 18 resolutions, H.J. Res. 281–285, H. Con. Res. 128–130, and H. Res. 328–337, were introduced. Pages 5370–5375

Reports Filed: Reports were filed as follows:

H. Res. 337, providing for the consideration of H.R. 3365, to extend the authority for the flexible regulation of interest rates on deposits and accounts in depository institutions (H. Rept. 95–26); and Page 5370

H.R. 3477, to provide for a refund of 1976 individual income taxes and other payments, to reduce individual and business income taxes, and to provide tax simplification and reform, amended (H. Rept. 95–27).

Late Report: Committee on Rules received permission to file by midnight tonight a privileged report. Page 5290

Public Works: By a yea-and-nay vote of 295 yeas to 85 nays, Roll No. 30, the House passed H.R. 11, to increase the authorization for the Local Public Works Capital Development and Investment Act of 1976, as amended.

Rejected a motion to recommit the bill to the Committee on Public Works and Transportation.

Agreed to the committee amendment in the nature of a substitute, as amended.

Agreed to:

An amendment clarifying the language of the bill regarding the provisions requiring that all supplies and materials used in projects be products of the United States;

An amendment, as amended, that requires the setting aside of at least 10 per cent of the dollar volume of each contract for procurement of materials and supplies from minority businesses, except when otherwise determined by the Secretary;

An amendment that requires projects be designed and constructed in accordance with the Federal accessibility standards for the elderly and physically handicapped;

A clarifying amendment;

An amendment that requires with an application, certification that a project will not employ illegal aliens;

An amendment that includes the transporting and providing of water to drought-stricken areas as a public work project;

A clarifying amendment; and

An amendment that readjusts the allocation formula to the use of the number of unemployed persons instead of the unemployment rate (agreed to by a recorded vote of 229 ayes to 158 noes, Roll No. 29). Previously, rejected by a recorded vote of 187 ayes to 201 noes, Roll No. 28, an amendment in the nature of a substitute that sought to allocate funds: 65 percent to all states based upon the average number of unemployed, and 35 per cent to those states where the unemployment rate is 6.5 per cent or above.

Rejected:

An amendment to limit grants to only those projects which could be completed within 18 months;

An amendment to limit grant payments for a project to no more than 10 per cent of the funds allocated to the state;

An amendment to prohibit communities from using unemployment rates from areas within their jurisdiction other than those areas which will directly benefit from project construction;

An amendment to strike provisions of the bill requiring all supplies and materials used in funded projects to be products of the United States;

An amendment to retain at the state and local government levels the approval of design standards necessary for construction grants of detention facilities;

An amendment to allocate 2 per cent of the funding for replacement and improvement of bridges not on the Federal-aid highway system;

An amendment to prevent charging against the benchmark figure the funds used by the Secretary in making grants not received or rejected due to errors of a Federal employee or officer;

An amendment to provide that all states would receive three-fourths of 1 per cent minimum funding;

An amendment to award at least one project to any county with a population over 50,000 which has an unemployment rate exceeding that of the national rate; and

An amendment that sought to replace the 70/30 per cent distribution formula with an 85/15 per cent allocation.

H. Res. 304, the rule under which the bill was considered, was agreed to earlier by a yea-and-nay vote of 384 yeas to 5 nays, Roll No. 27. Pages 5290–5353

By a recorded vote of 246 ayes to 177 noes, Roll No. 97, agreed to an amendment in the nature of a substitute to the committee substitute, as amended by a substitute that incorporates, with three substantive changes, the conference language of H.R. 5900 as passed by the 94th Congress.

Agreed To:

An amendment that limits the ability of a union to induce any person to strike or to refuse to perform services at the site of the construction (agreed to by a recorded vote of 212 ayes to 209 noes, Roll No. 93);

An amendment that exempts residential buildings or structures of three stories or less from the provisions of the bill (agreed to by a recorded vote of 252 ayes to 167 noes, Roll No. 95);

An amendment that exempts construction work contracted for and actually started as of the date of enactment (agreed to by a division vote of 132 ayes to 82 noes); and

An amendment that would prohibit picketing at separate entrances for individuals employed by persons making delivery to or taking shipments from that facility.

Rejected:

An amendment that sought to require that employers being struck on a common job site be primarily engaged in the construction industry and have a direct contractual relationship as a contractor or subcontractor (rejected by a recorded vote of 181 ayes to 241 noes, Roll No. 94);

An amendment that sought to provide that ownership or control of a construction site shall not be a factor in determining whether employers are engaged in joint venture; and define site to mean one physically contiguous location at which employers are proceeding with interrelated construction (rejected by a division vote of 47 ayes to 103 noes);

An amendment that sought to require secret ballot approval of authorized common site action by the affected workers (rejected by a recorded vote of 115 ayes to 304 noes, Roll No. 96);

An amendment that sought to provide that a local union must get the written approval of the national or international union before engaging in common site picketing action;

An amendment that sought to delete the expiration date for the title providing for a Construction Industry Collective Bargaining Committee;

An amendment that sought to establish an expiration date of December 31, 1980, for the title permitting common site picketing in the construction industry; and

An amendment that sought to permit the Construction Industry Collective Bargaining Committee to delay for 30 days any projected work stoppage if it deems it in the national interest.

H. Res. 423, the rule under which the bill was considered, was agreed to earlier by a yea-and-nay vote of 297 yeas to 112 nays, Roll No. 92. Pages 8660–8713

Housing: House continued consideration of H.R. 6655, the Housing and Community Development Act of 1977; but came to no resolution thereon. Proceedings under the 5-minute rule will continue on Wednesday, May 11.

Took the following action in the Committee of the Whole:

Agreed To:

An amendment that includes Minority Enterprise Small Business Investment Companies as eligible to funding under the Community Development Block Grant Program;

An amendment designed to clarify that Community Development Block Grant funds cannot be used by recipients for local services such as fire, police, or sanitation, if those services were financed by local revenues during the preceding year;

An amendment that requires the Secretary of HUD give special consideration to small communities in the distribution of discretionary funds, provided the communities are expected to lose hold-harmless funding and have maintained a comprehensive community development program;

An amendment that authorizes the Secretary of HUD to allow recipients of block grants to use funds as security for rehabilitation loans;

An amendment designed to continue funding for small urban cities that the population falls below 50,000 until the decennial census indicates that the population of such city is below 50,000;

An amendment that calls for consideration of the factor of "impact on a unit's growth of National policy or direct Federal program decisions" in allocation and distribution of funds;

An amendment that calls for consideration of the extent to which the unit's activity or program of activities is necessary to alleviate a serious threat to health or safety in the allocation and distribution of funds;

An amendment that changes block grant authorization language to give priority first to basic block grants, then to urgent community needs, and then to urban development action grants; and

An amendment that requires the availability of a citizen participation plan in submitting an application for urban development action grants.

Rejected:

An amendment that sought to strike out the new alternate formula for allocation of Community Development Block Grants, restating the formula in present law (rejected by a recorded vote of 149 ayes to 261 noes, Roll No. 219);

An amendment that would require an applicant to

spend its Community Development Block grant on poverty in the same proportion that poverty was used as a factor to calculate its grant; and

An amendment that proposed a new formula for allocation of Community Development Block Grants: 60 percent, poverty; 20 percent, age of housing; and 20 percent, growth lag. Pages 14098–14126

House of Representatives

Chamber Action

Bills Introduced: 23 public bills, H.R. 7420–7442; 1 private bill, H.R. 7443; and 6 resolutions, H.J. Res. 487–488, H. Con. Res. 229–230, and H. Res. 598–599 were introduced. Pages 16698, 16699

Bills Reported: Reports were filed as follows:

H. Res. 531, to provide for the expenses of investigations and studies to be conducted by the Ad Hoc Committee on Energy (H. Rept. 95–365); and

S. 1240, to extend the time for conducting the referendum with respect to the national marketing quota for wheat for the marketing year beginning June 1, 1978 (H. Rept. 95–366). Page 16698

Memorial Day District Work Period: House agreed to H. Con. Res. 229, providing for an adjournment of the House from May 26 to June 1, 1977, and a recess of the Senate from May 27 to June 6, 1977. Page 16627

Clean Air: House continued consideration of H.R. 6161, Clean Air Act Amendments of 1977; but came to no resolution thereon. Proceedings under the 5-minute rule will continue on Thursday, May 26.

By a yea-and-nay vote of 369 yeas to 1 nay, Roll No. 284, agreed to a motion that the House resolve itself into the Committee of the Whole for the consideration of the bill.

Agreed To:

An amendment that clarifies the language concerning delayed compliance orders and obtaining innovative technology;

An amendment that exempts sources from noncompliance penalties if they have been granted delayed compliance before enactment of this bill;

An amendment authorizing a State to permit the use of sulfur emitting coal mined within the State when there is a serious economic disruption;

A technical amendment relative to the budget requirements of the bill; and

An amendment (agreed to by a recorded vote of 237 ayes to 172 noes, with 1 voting "present", Roll No. 286) as amended by a substitute amendment that permits the States to grant a 5-percent variance in Class I and Class II pollution standards, but in no case to exceed more than 18 days a year.

Rejected a substitute to the previous amendment that sought to permit States to grant a 5-percent variance of the time from the allowable requirement for the 3 hour sulfur dioxide standard in high terrain areas (rejected by a recorded vote of 170 ayes to 237 noes with 1 voting "present", Roll No. 285). A point of order against the substitute was overruled.

Agreed To:

A technical amendment clarifying certain jurisdictional matters according to the rules of the House between the Committee on Science and Technology and the Committee on Interstate and Foreign Commerce;

An amendment that provides that the standards of performance are only applicable to grain elevators which have a storage capacity in excess of 2.5 million bushels;

An amendment clarifying the provisions for the visibility protection of Federal Class I areas with regard to fossil-fuel-fired powerplants; and

An amendment that restricts the EPA in using the Clean Air Act for the conditioning or regulating of the construction of sewage treatment plants.

Rejected:

An amendment that sought to provide that when a State's unemployment rate is 6.5 percent or more, a 5-year variance may be granted to a powerplant emitting sulfur dioxide;

An amendment that sought to give the Federal land manager authority to disapprove State redesignations of Class I area Federal lands as Class II areas (rejected by a division vote of 16 ayes to 32 noes);

An amendment that sought to strike from the bill the provision to allow States greater flexibility for the attainment of standards by a fixed date earlier than the present EPA regulations afford; and

An amendment that allows the EPA Administrator to waive non-attainment requirements for oxidants in a State if there is a program to reduce oxidants on a yearly incremental basis leading toward attaining the national standards (rejected by a recorded vote of 162 ayes to 242 noes with 1 voting "present", Roll No. 287). Previously agreed to by a division vote of 22 ayes to 18 noes.

An amendment was offered, but subsequently withdrawn, to clarify the application of the Clean Air Act authorizing the coastal States to regulate emission standards of vessels in the territorial seas and pollution control standards of off-shore facilities and operations in the 3 to 12 mile limit. House then insisted on its amendment to S. 602, and asked a conference with the Senate. Appointed as conferees: Representatives Perkins, Brademas, Beard of Rhode Island, and Quie. Pages 17262, 17263

Department of Energy: House completed all general debate and began reading for amendment on H.R. 6804, to establish a Department of Energy in the executive branch by the reorganization of energy functions within the Federal Government in order to secure effective management to assure a coordinated national energy policy; but came to no resolution thereon. Proceedings under the 5-minute rule will continue on Friday, June 3.

Agreed to the following amendments to the committee amendment in the nature of a substitute:

An amendment that includes the consideration of urban and rural needs in the conservation and development of energy resources policy;

An amendment that provides for the utilization of the productive capacity of the private sector in the development and achievement of the policies and purposes of this Act;

Six perfecting amendments from the Committee on Post Office and Civil Service;

An amendment that establishes an Office of Energy Research within the Department;

An amendment that changes the title of the Assistant Secretary for Resource Applications to the Assistant Secretary for Production and Resource Applications;

An amendment that strikes the Secretary's authority to regulate the wellhead price of natural gas and gives that power to the Federal Energy Regulatory Commission; and limits the Secretary's authority to issue regulations of general applicability (agreed to by a recorded vote of 236 ayes to 119 noes, Roll No. 299);

An amendment that transfers the transmission line functions from the Bureau of Reclamation to the Department, and provides that any change in cost allocation concerning multipurpose water resource facilities would have to be approved by Congress;

An amendment that transfers to the Department the functions of the Federal Energy Administration relating to carpooling and vanpooling;

An amendment that limits data-gathering activities to the Secretary, rather than the Secretary and the Federal Energy Regulatory Commission;

An amendment that makes the Federal Energy Regulatory Commission an independent regulatory agency for purposes of reorganization;

Two perfecting amendments to language concerning the Federal Energy Regulatory Commission;

An amendment that clarifies the language relating to administrative procedures and judicial review; and

An amendment that provides for congressional veto of rules and regulations promulgated by the Department (agreed to by a recorded vote of 200 ayes to 125 noes, Roll No. 301).

Rejected:

An amendment in the nature of a substitute that sought to strike the provision establishing the Federal Energy Regulatory Commission (rejected by a division vote of 29 ayes to 51 noes);

An amendment that sought to establish an independent National Energy Board responsible for energy pricing (rejected by a recorded vote of 83 ayes to 277 noes, Roll No. 298);

An amendment that sought to strike the Secretary's authority relating to the establishment and review of priorities for curtailments of natural gas deliveries; and

An amendment that sought to strike certain powers of the Department relating to Federal leases (rejected by a recorded vote of 170 ayes to 180 noes, Roll No. 300).
